PHILLIPS 66 PRESENTS AT PORT FREEPORT QUARTERLY CAP MEETING

Freeport, TX (August 29, 2018) - On August 21st, the Port Freeport Community Advisory Panel (CAP) held its quarterly meeting at El Patio located in Angleton. Guest speaker, Aaron Doughty, Phillips 66 Managing Director for NGL Business Development, presented an update on current projects and future growth to the CAP members. Port Freeport executive staff also highlighted the Port's new services and provided information regarding the Port Freeport 2018 Proposed Tax Rate.

Phillips 66 has remained a leader in the natural gas liquids business since they began in 1927. Today, Phillips 66 is involved throughout the entire NGL process, from gathering and processing to the petrochemical's end use through 50 percent equity stakes in DCP Midstream and Chevron Phillips Chemical Company.

For more information about Phillips 66 and their midstream services, please visit their website at www.phillips66midstream.com.
