APPLICANT'S INFORMATION**

The taxing unit may consider applicant financial capacity in determining whether to enter into an abatement agreement. Established companies for which public information is available, or the wholly owned businesses of such companies, should include with the new application a copy of their latest annual report to the stockholders. Other applicants and new companies should attach a statement showing: (1) when the company was established; (2) business references [name, contact and telephone number of principal bank, accountant and attorney]; and (3) may be required to submit an audited financial statement and business plan. **Attach as Exhibit "A"**.

PARTS II & III PROJECTION INFORMATION

Only facilities listed in Section 2(a) of the Guidelines may receive abatement without applying for a variance. Check guidelines definitions in Section I to see if project qualifies.

If the project is a Regional Entertainment Facility, Regional Service Facility, Regional Distribution Center Facility, or other basic industry, include the following items: (1) market studies; (2) business plans; and (3) agreements or other materials demonstrating that the facility is intended to serve a market of which the majority is substantially outside the Brazoria County region. PART IV ECONOMIC IMPACT INFORMATION

Permanent Employment Estimates

In estimating the permanent employment, include the total number of jobs created at this site by your firm as well as known permanent jobs of service contractors required for operation.

Estimated Appraised Value on Site

The value January 1 preceding abatement should be the value established by the Brazoria County Central Appraisal District. If the applicant must estimate value because the taxable value is not known or is combined with other properties under a single tax account, please so state. To qualify, the abated properties must be expected to result in an addition to the tax base of at least one million dollars after the period of abatement expires. Projections of value should be a “best estimate” based on taxability in Texas. The projection of project values not abated should include personal property and ineligible project-related improvements such as office in excess of that used for plant administration, housing, etc. **Attach as Exhibit “B”.**
