JASON HULL PROMOTED TO DIRECTOR OF ENGINEERING

FREEPORT, TX (October 15, 2013) – Port Freeport is pleased to announce Jason Hull has been promoted to the position of Director of Engineering. The Port Commission unanimously supported Executive Port Director/CEO, Glenn Carlson’s recommendation of this promotion. “Jason has demonstrated his value to the organization over the last two years through the application of his skills and knowledge, especially during the handling of the Berth 7 repairs and reconstruction,” said Carlson.

Jason is a Licensed Professional Engineer and has been designing Civil, Structural, and Electrical projects since 1998. As Director of Engineering, he is responsible for the design and construction of the Port’s capital and maintenance projects including buildings, rail, roadway/paving, drainage, and utilities. His responsibilities also include estimating costs and schedules of Port projects, and managing department personnel needs.

Port Freeport is committed to keeping the local community informed of our operations and results. If you have questions or comments about this article, please email or call Glenn Carlson, Executive Port Director/CEO at carlson@portfreeport.com or 979-233-2667.
