

PORT FREEPORT TWIC ESCORT FORM

GENERAL REQUIREMENTS

In accordance with 33 CFR 101.514, it is the policy of Port Freeport that all persons seeking unescorted access to the restricted areas of Port Freeport maritime facilities must possess a valid Transportation Worker Identification Credential(TWIC), and be approved to enter by the Port Freeport before such access is granted.

The possession of a TWIC is required for individuals who need routine access to restricted areas in the course of their employment and due to the nature of their employment where escorting is not feasible. Persons seeking access to Port Freeport maritime facilities who do not have a TWIC, are not routinely employed at Port Freeport maritime facilities, have demonstrated a business need and are approved by Port Freeport to enter, may only enter restricted areas of Port Freeport maritime facilities with a Port Freeport approved escort.

In accordance with 33 CFR 101.105, escorting means ensuring that the escorted individual is continuously accompanied while within a restricted and/or secure area in a manner sufficient to observe whether the escorted individual is engaged in activities other than those for which the escort was granted. This means side-by-side continuous accompaniment in close proximity with constant visual contact.

TWIC ESCORT COMPANY

A TWIC Escort Company requesting TWIC escort privileges for their employees must submit this application to Protective Services at the Port Freeport Emergency Operation Center. The application shall include a copy of the TWIC of each nominated employee.

The TWIC Escort Company assumes all responsibility for each nominated employee to comply with TWIC escorting requirements relating to restricted area access and agrees to assume any liability and/or fines imposed by Federal, State and/or local authorities for the failure of such nominated employee to discharge all responsibilities in accordance with TWIC regulations. Further, the TWIC Escort Company agrees that if the escort violates any of the facility rules and regulations, it will pay to Port Freeport liquidated damages as stated in the Port Freeport Tariff, that such liquidated damages are reasonable, and such violation may also be grounds for revocation-issuance of any identification card issued by Port Freeport.
